## Meeting room facilities

### Copenhagen Island Hotel

The view of water makes us relax, release our thoughts and find new energy. In addition, it has a positive effect on our health and quality of life. Therefore, in a big city of high pulse and pace, the blue waves are particularly important and beneficial, but are, for the same reason, difficult – and rare – to enjoy in a blissful atmosphere. As a guest at Copenhagen Island, you are surrounded by a rippled water surface in Copenhagen’s harbour bath. Right here, you can experience the city from its quiet and blissful side while you are close to the city centre and it’s most popular attractions. We look forward to welcoming you!

### Tivoli Congress Center

Behind the iconic pillar entrance of Tivoli Gardens, a magic universe of high culture and amusements is hidden. You know, a universe that can make everybody, both children and adults, fascinated and enthusiastic. And a universe that delights us, activates our senses, gives us a well-deserved break from the daily routines, and engages us in new ways. Tivoli Hotel & Congress Center is inspired by that spectacular and detailed universe since our primary task is to combine business and indulgence with romance and entertainment. Tivoli Congress Center offers 55 meeting rooms of different sizes. The smallest of the rooms seat up to six people, whereas our large conference rooms can seat up to 450 people and our Tivoli Congress Hall can seat up to 2,400 people.
